

	Domain	Topic	Dates
Topic 1	Operations and Algebraic Thinking	Understanding Addition/Subtraction & Set Up Math Workshop	August 26-September 12
Topic 2	Operations and Algebraic Thinking	Addition Strategies	September 15-September 26
Topic 3	Operations and Algebraic Thinking	Subtraction Strategies	September 29-October 9
Topic 4	Operations and Algebraic Thinking	Working with Equal Groups	October 10-October 21
Topic 5	Number and Operations-Base Ten	Place Value to 100	October 22-November 7
Topic 6	Number and Operations-Base Ten	Mental Addition	November 10-November 21
Topic 7	Number and Operations-Base Ten	Mental Subtraction	November 24-December 5
Topic 8	Number and Operations-Base Ten	Adding Two-Digit Numbers	December 8-December 23
Topic 9	Number and Operations-Base Ten	Subtracting Two-Digit Numbers	January 5-January 21
Topic 10	Number and Operations-Base Ten	Place Value to 1000	January 22-February 13
Topic 11	Number and Operations-Base Ten	Three Digit Addition and Subtraction	February 23-March 6
Topic 12	Geometry	Geometry	March 9-March 19
Topic 13	Measurement and Data	Counting Money	March 20-March 31
Topic 14	Measurement and Data	Money	April 1-April 13
Topic 15	Measurement and Data	Measuring Length	April 14-May 6
Topic 16	Measurement and Data	Time, Graphs, and Data	May 7-May 29
Step-Up		Step-Up to Grade 3 Lessons	June 1-June 12

	Classroom Based Assessments
Lesson	Quick Check, Independent Practice
Topic	Topic Test, Performance Task
Domain	Domain Test, Performance Task

Common District Assessments
Beginning of the Year Assessment
Middle of the Year Assessment
End of the Year Assessment
Fall Fluency Assessment
Winter Fluency Assessment
Spring Fluency Assessment
Performance Task for each Domain
